Use My Computer for Calls

You can tell Cisco Jabber for Mac to send calls to your computer or to your phone.

Procedure

1. From your hub window, open the Phone Controls drop-down menu.
2. Select your preference.

Set Up My Phone Accessories

You can change which microphone and speakers are used by the client when you have at least one phone accessory for call control.

Procedure

1. In the hub window, open the Phone Controls drop-down menu.
2. Select **Use my Computer for Calls**. You can see your current phone accessories.
3. To change your phone accessories, select **Audio/Video Preferences....** You can also test the sound on your devices.

Customize My Client

You can access your options and preferences for Cisco Jabber to customize how your client behaves.

Procedure

1. Select **Jabber > Preferences**.
2. Make your selections.

Forward Calls

To avoid missing calls when you are not at your desk, you can forward calls to another phone number.

Procedure

1. From your hub window, open the Phone Controls drop-down menu.
2. Select **Forward Calls to** and select your preference from the available list.

Review Voice Messages

You can listen to voice messages and delete messages.

Procedure

1. From your hub window, select the Voice Message tab.
2. Select the play icon to listen to your voice message.
3. To delete your voice message, right click on the voice message and select **Delete**.

Forward Voice Messages

You can forward messages and record your own message to send with the forwarded message.

Procedure

1. From your hub window, select the **Voice Message** tab.
2. Right click on the voice message and choose **Forward Message**.
3. Select **Record** to record your own message to attach to the voice message.
4. Add contacts and select **Send**.

Start a Conference

You can easily start a conference call with your contacts.

Procedure

1. Select two or more contacts or the header of your contact group in the **Contacts** tab.
2. Choose the call icon.
3. Add additional participants.
4. Update the topic for your group chat.
5. Select **Invite**.
